(Angular) (Node) (MongoDB) (React) (Express) (Redux) (AWS) (Javascript)

Experience

Mutterfly mutterfly.in
Jan 2018 to Present

Tech Lead Mumbai

Started out as an intern and quickly became a Fullstack Developer by constantly working on all the systems. Currently leading a small team of 3 to make a difference.

- Collaborated with 1 other developer to build the company website from scratch.
- Released several modules on the internal dashboard.

Udacity udacity.com
Mar 2018 to Aug 2018

Mentor & Reviewer Remote

- Online mentor for the students taking up Udacity's Frontend Nanodegree program.
- Reviewing a particular project submitted by the students.
